

YACHT TRANS LINES

YOUR GLOBAL YACHT TRANSPORT EXPERT!

Our expertise is in the field of Yachting and Yacht shipping and we are the Specialists in Ocean Transport - Providing comprehensive logistics services with around the world capabilities!

We are located in the UAE, to serve the local boat building industry better and we have a network of worldwide partners and agents we constantly work with.

We assure our clients and partners with the highest degree of comprehensive, on time and flexible ocean, air and land transportation, when it comes to Boats and related Marine Equipment, as well as break bulk and project cargo all over the world with our key strategic relations with shipping companies

At Yacht Trans Lines we are more than a shipping company!

We are a full service provider, with the aim to provide you with a "door to door" solution, capable with fully qualified staff and captains to pick up your yacht from the marina, delivering the boat to the loadport, arrange the loading operation, safely secure the yacht for the ocean passage and upon arrival, the boat can be delivered to your marina, if wanted!

Needless to mention, that all export and import hassles are taking care of. In short, we aim to go all the way, so that your boat is in safe hands!

We can transport all sizes of boats, from a small unit to be fitted into a container up to supercargo size!
